

Mount Diablo Peace and Justice Center

A MEETING WITH RUSSIAN FRIENDS

Rossmoor's Friends of KPFA and
Friends of Mt Diablo Peace & Justice Center are proud to present

The Russians are Coming!

Don't be scared! Or fear they are tools of the Russian government. They come to listen to you, to share different viewpoints and give their own attitudes and experiences.

This visit is organized through the Center for Citizen Initiatives directed by Sharon Tennison who will be present. These Russian women have years of experiencing both cultures and are better informed than our TV anchors. They keep up with news and are keen to learn what we think about our media and Russia. Ask them about Crimea, Ukraine, Syria, Iran, the latest poisoning --anything you want to know about the US-Russia relationship. Are our media and pundits accurate or not?

This is a great opportunity to compare what we are told in the media versus what some REAL Russians think and experience.

Come and meet with four OUTSTANDING women from Russia.
